

Benevolent Fund Criteria 2024

Bowls Leicestershire Men's Benevolent Fund operates for the benefit of the Counties Club bowlers. Club Secretaries can nominate eligible bowlers throughout the year, at the time when an event occurs. Any nominations should be made in writing to the Benevolent Fund Secretary, preferably by email or by post as per the details below.

The Men's Benevolent Fund Committee have reviewed and revised the nomination criteria for 2024.

Therefore nominations must fall within the following categories:

1. Male bowlers who are currently incapacitated and to whom an award would be a sign of their Clubs' support.
Individuals can be nominated for a maximum of two years in total, in this category.
2. Male bowlers who are no longer able to bowl due to sickness or long term ill health and to whom a cash grant would be helpful as opposed to a gift.
Individuals can be nominated only once within this category.
3. Widows of full members who have passed away during the current calendar year.

Please indicate for each nominee which category they fall under and give as much detail as you are able to about the reason for the nomination. Please be aware that not all awards may be monetary, therefore please forward any information regarding your nominee's interests/hobbies outside of bowls. This will enable the Trustees to determine an appropriate gift.

The Trustees of the Fund will consider all nominations. If granted, an appropriate 'gift' will be sent to the Clubs' Secretary for them to deliver to the recipient.

Please remember that the fund is available all year round and nominations should ideally be made at the time an event occurs.

Debra Hardwick,
Men's Benevolent Fund Secretary
